

ELECTRICITY INDUSTRY SUPERANNUATION SCHEME

EISS ... your fund for life!

Whether you're changing jobs, or leaving the workforce entirely, you can stay with EISS and enjoy the benefits of being a retained EISS member!

You can have ...

- The same high performing investment options
- No admin fees for non-pension accounts
- Great access to personal service and financial advice options

Wait, there's more reasons to stay ...

- Insurance cover (for death, invalidity and disability income) for most members up to age 60
- Increase your balance with future contributions - from you, or your new employer (including employers outside the electricity industry) or rollovers from your other super funds
- An affordable account-based pension product when you retire (with capped admin fees and competitive investment returns)

Staying with EISS is easy ...

If you are in the **Accumulation Scheme (Division 5)** – you don't need to do a thing!! Your super balance is automatically transferred to the retained section when you leave your employer.

If you are in the **Defined Benefit** part of EISS (**Division 2, 3 or 4**), simply choose the 'Transfer to the Accumulation Scheme (retained) section of EISS' option on your benefit payment forms. In all cases, we will contact you to confirm your ongoing EISS membership conditions.

If your new employer needs EISS compliance information to direct your ongoing super contributions into your EISS account, please refer to the website (www.eiss.superfacts.com).

Any queries?

Call the EISS Helpline on 1300 307 844 for more details.
