and Fee Disclosure Statement
30 June 2006.

Chairman's Report

ON FUND

The Trustee and the Manager have been extremely busy over the last 12 months investigating ways to gain efficiencies for the Fund moving forward. As detailed in recent Super Info's that have been distributed, we have been dealing with the Department of Treasury and Finance to progress the Fund to transfer to an exempt public sector scheme. This will allow the Fund to operate in an environment where we have greater control of our arrangements and costs associated with the Fund's operation.

It is important for all members to know and understand that a move to an exempt public sector scheme will not have any impact on the benefits that are provided to members. All benefits will remain unchanged as a result of the change and all contributions by both members and the Corporation will continue at their current level.

The Trustee has also made arrangements to have a RSE License to enable it to operate after 1 July 2006 as required under federal superannuation legislation. This license will continue to operate until we move to having exempt public sector scheme status.

We will continue to keep members informed via future Super Info's so you are fully aware of what is happening with your super and the potential benefits that will flow as a result of the changes.

Investment Class	Return for year ended 30 June 2006
Australia Shares	24.0%
International Shares	19.9%
Australia Fixed Interest	3.4%
International Fixed Interest	1.2%

The last 12 months has also seen the continuation of strong investment returns with all investment classes used by the Fund producing positive returns as detailed in the table opposite.

These underlying returns have resulted in the Fund's investments earning a rate of 15.1% for the year after allowance for tax and operating expenses. This compares very favourably to the rate of inflation

and wages over the same period of 4% and 4.5% respectively.

Members would also be aware of the sweeping changes to superannuation that were announced in the May Budget which will have some significant impact on the superannuation landscape in years to come. The abolition of tax on end benefits after age 60, the removal of reasonable benefit limits and other changes make super an even more attractive savings vehicle than it is currently. There are still some issues to be clarified in respect to some of the changes and we will keep you informed of these via our regular Super Info newsletters. Further details of the changes are provided in the Winter 2006 Edition of Super Info.

One of the items from the Budget was the potential for additional tax to be paid by members should the Fund not have details of your tax file number recorded. To assist members we have conducted a special mailout to all people that have not provided their tax file number giving them the opportunity to rectify the position. Your benefit statement also details whether we have your tax file number recorded.

We have also conducted some pre-retirement seminars in conjunction with Industry Funds Financial Planning for members and their partners over age 45 which have been well received. We will continue to provide this valuable service to enable you to gain access to information to assist you in retirement.

The Trustee Board and Alan Kent continue to work for the benefit of members to ensure that the most efficient arrangements are implemented for the benefit of all members of the Fund.

Bob Tidswell
Chairman

Report from the Trustee

The Trustee of the Fund is a company, **SA Metropolitan Fire Service Superannuation Pty Ltd**. The sole activity of the company is to act as Trustee of the Fund under a RSE License No L0001861.

There are eight Directors of the Company, four Employer representatives that are appointed by the Corporation and four Member representatives.

The Member Representatives are elected from two separate electoral groups. The United Fire Fighters Union Inc (UFU) nominates three Directors and Fund members who are not eligible to join the UFU elect one Director. The period of office for each Director is up to three years (or longer if the Trustee determines there are special circumstances). Subject to their being renominated and being willing, Member Representative Directors can be re-elected for a further term.

Directors who are either Employer or UFU nominated Member representatives, will cease to hold office if the nomination by the relevant organisation is withdrawn or they become ineligible under relevant legislation.

For the Director who is elected by the Fund members who are not eligible to join the UFU, he or she will cease to hold office if written notice to that effect is given to the Trustee by a majority of the relevant Fund members, or becomes ineligible under relevant legislation.

A formal set of rules governing the appointment and removal of Member Directors has been established and is available on request from the Manager.

The Directors of SA Metropolitan Fire Service Superannuation Pty Ltd as at 30 June 2006 were:

Employer Representatives

- > Grant Lupton
- > Mick Smith
- > Anthony Norman
- > Garry Powell

Member Representatives

Nominated by the UFU

- > Phil Harrison
- > William Jamieson
- > Gregory Northcott

Elected by Fund members who are not eligible to join the UFU

- > Robert Tidswell

Since 1 July 2006, Phil Harrison has been replaced by Michael Vander Jeugd.

During the year it was resolved by the trustee directors to extend the term of office of Bob Tidswell as the member elected representative on the Trustee until 31 August 2007. Prior to this date there will be a call for nominations from members interested in standing for the position. Any members interested in this role can contact Alan Kent to discuss the requirements of being a trustee director.

Trustee Indemnity Insurance

The Trustee has an Indemnity Insurance Policy in place as a prudent measure due to legislative requirements and trustee responsibilities.

of the Fund

Support Staff

The Trustee employs 2 staff that assist the Directors in the operation of the Fund.

Alan Kent is the Fund's Manager and responsible for the day to day operation of the Fund, including visits to stations to talk to members.

Alan has been assisted throughout the year by Maria Michaels and Veronica Varga.

Administration

Mercer Human Resource Consulting Pty Ltd (Mercer) maintains member records, annually updates members' benefits and produces benefit statements, receives contributions, pays benefits and provides general technical superannuation advice to the Trustee and Manager when required. Mercer developed and now maintains the Fund's Internet site.

Advisers

In addition to administration services, the Trustee also uses the services of specialist consultants to ensure the efficient operation of the Fund and its continuing compliance with Government legislation.

These services include the following:

- **Death and Disablement Insurance**
AMP Life Limited
33 Alfred Street,
Sydney NSW 2000
- **Accounting**
Mercer
Level 5, EDS Centre
108 North Terrace,
Adelaide SA 5000

- **Auditing and Tax Services**
PricewaterhouseCoopers
91 King William Street
Adelaide SA 5000

- **Actuary**
Mr Laurie Brett
Brett & Watson Pty Ltd
157 Grenfell Street
Adelaide SA 5000

- **Legal**
DMAW Lawyers
Level 3, 80 King William Street
Adelaide SA 5000

Mercer Legal
33 Exhibition Street
Melbourne VIC 3000

- **Investment Adviser**
Aon Consulting Pty Ltd
201 Kent Street,
Sydney NSW 2000

Investment Managers

The Trustee uses professional managers to invest the Fund's assets to maximise returns.

The managers used by the Fund as at 30 June 2006 were:

- **Barclays Global Investors**
Australia Services Ltd
Level 1, 111 Harrington Street
Sydney NSW 2000
- **Coastal Capital Limited**
Level 4, 111 Harrington Street
Sydney NSW2000
- **Deutsche Asset Management**
Australia Limited
Level 21, 83 Clarence Street
Sydney NSW 2000
- **JF Capital Partners Limited**
Level 23, Bourke Place
600 Bourke Street,
Melbourne VIC 3000

- **Macquarie Investment**
Management Ltd
Level 15, 20 Bond Street
Sydney NSW 2000

- **Massachusetts Financial Services**
(MFS) Investment Management,
through BNP Paribas Asset
Management (as the Responsible
Entity) 60 Castlereagh Street,
Sydney NSW 2000

- **Alpha Investment Management Pty Ltd**
Level 13, 350 Collins Street
Melbourne VIC 3000

- **Warakirri Asset Management Pty Ltd**
Level 3, 53 Queen Street
Melbourne VIC 3000

- **Zurich Australia Limited**
118 Mount Street
North Sydney NSW 2060

- **Dimensional Funds Australia Limited**
Level 29, 1 Macquarie Street
Sydney NSW 2000

During the year the Trustee terminated its investments in the Macquarie Global Small Companies Trust and transferred these monies to the Dimensional Global Small Companies Trust.

Contributions

For the year ended 30 June 2006, all contributions due and payable to the Fund have been received.

Co-Contributions

the Government

The co-contribution is a contribution by the Government to match personal after-tax contributions you pay to a superannuation fund.

The amount of the co-contribution you will get depends on your income* and the personal after-tax contribution you have made during the financial year. From 1 July 2004 onwards, the Government contributes up to \$1.50 for each \$1.00 of personal after-tax contributions you make to super. The maximum amount of the co-contribution for a financial year is \$1,500 and is available to people whose income is \$28,000 or less.

This maximum or cap then phases down by 5 cents for each dollar of additional income and cuts out completely for incomes of \$58,000 or more. You also need to meet other conditions to be eligible for the co-contribution as detailed below.

The table below shows the total contribution required in order to gain the maximum level of co-contribution available from the government.

Eligibility for the Government co-contribution

The co-contribution is currently only available to people who earn at least 10% of their income from employment as an employee even if there is no entitlement to employer superannuation contributions and will not be available to any self-employed persons who are able to claim a tax deduction for their contributions.

You must also be under age 71 at the end of the year. It is not available to most temporary residents.

Claiming the co-contribution... you don't need to do anything

The Trustee must give the Tax Office information about your contributions and those made by the Corporation. Using this information and information in your tax return, the Tax Office will work out if you are entitled to receive a co-contribution. Any co-contribution payable will then be sent directly to the Fund.

We recommend that you speak to a financial adviser to work out how this might apply to you.

Your total income*	Maximum co-contribution available	Contribution required by you to obtain maximum co-contribution
Under \$28,000	\$1,500.00	\$1,000.00
\$30,000	\$1,400.00	\$933.33
\$35,000	\$1,150.00	\$766.67
\$40,000	\$900.00	\$600.00
\$45,000	\$650.00	\$433.33
\$50,000	\$400.00	\$266.67
\$55,000	\$150.00	\$100.00
\$57,000	\$50.00	\$33.33
\$58,000	\$0.00	\$0.00

* Income is your assessable income plus your reportable fringe benefits.

matches your after-tax contributions to super

Fees, Surcharge and Taxes

The Trustee pays the expenses of operating the Fund and any taxes payable from the Fund in the manner allowed by the Trust Deed.

Taxes, as imposed by the Government, may be deducted from contributions, from investment income and from any benefit payable to a member. Tax on contributions is deducted from employer contributions (including salary sacrifice contributions) when received by the Fund and tax payable on benefits is deducted from benefits at the time they are paid.

For higher income earners there is an additional tax, known as the surcharge, on all employer contributions and member pre-tax contributions received prior to 1 July 2005. If you have not provided your tax file number, surcharge may also automatically apply irrespective of what you earn.

The surcharge still applies for the period up to 30 June 2005 and phases in gradually once your adjusted taxable income exceeds \$99,710 and applies at the maximum rate if your adjusted taxable income exceeds \$121,075. These figures were for the 2004/2005 tax year.

The maximum rate of surcharge was 12.5% for 2004/2005 but has been abolished with effect from 1 July 2005.

Adjusted taxable income includes your taxable income, reportable fringe benefits, most benefits paid by an employer on leaving employment, any

employer contributions or member pre-tax (salary sacrifice) contributions paid to a superannuation fund and certain income in respect of family and other trusts.

If the Fund is required to pay surcharge tax in respect of you for a prior year, the tax payable will be deducted from your surcharge payment account in the Fund. This account will be charged interest at the Fund's crediting interest rate. If you rollover benefits into the Fund from another super fund or from your employer, any liability to pay the surcharge tax for contributions to that fund which has not been paid or in respect of the employer payment, may be transferred to the Fund. Your end benefit will be reduced by the amount of your surcharge payment account.

If the Trustee receives a surcharge assessment in respect of your membership after you have left the Fund we will return it to the Tax Office.

The Tax Office will either forward it to the fund to which your benefit was paid, or to you if your benefit was paid directly to you.

Fees and Charges

The following table shows the Fund's expenses or fees and charges that might apply to your superannuation benefits.

- All expenses are current and may be revised, increased or added to or adjusted by the Trustee from time to time due to changes to, for example, the superannuation environment (eg Government regulations) or the trust deed. The Trustee may also introduce new fees. While it is not anticipated that fees and charges will change, if there is an increase in fees the Trustee must notify you 30 days in advance of the change or as required by legislation.
- The Fund pays all insurance costs in relation to your death and disablement benefits from the Fund's assets and does not reduce your benefit.
- No GST is payable by you on any of the fees and charges described below.
- You should read this fee information carefully, as it's important that you understand how these fees can affect your benefits in the Fund.

Fees and Other Costs when your money moves in or out of the Fund

Type of fee or cost	Amount	How and when paid
Establishment fee The fee to open your investment	Nil	N/A
Contribution fee The fee on each amount contributed to your investment either by you or your employer	Nil	N/A
Withdrawal fee Applicable to Parked Benefits and transfers to other funds under portability rules. The fee on each amount you take out of your investment	\$60.00* per withdrawal (first withdrawal free)	This fee is deducted from your account at the time a payment is made.
Termination fee Applicable to Parked Benefits only. The fee to close your investment	\$60.00*	This fee is deducted from your account at the time your final payment is made.
Management costs The fees and costs for managing your investment	An asset based fee of approximately 1.0% pa of your Defined Benefit member contribution account and Accumulation Benefit (estimate only). This estimate is based on the management fee for the year ending 30 June 2006. This fee is calculated annually and may differ in subsequent years.	This fee is deducted when determining the Fund's crediting interest rate.
Parked and Spouse members only	A weekly administration fee of \$2.00* which is in addition to the asset based fee above.	This fee is deducted at each 1 July or on ceasing to be a member of the Fund

* This amount may be indexed each 1 January in line with Average Weekly Ordinary Time Earnings (AWOTE). For more information see "Indexation of Fees" later in this report.

Consumer Advisory Warning

DID YOU KNOW?

- Small differences in both investment performance and fees and costs can have a substantial impact on your long term returns.
- For example, total annual fees and costs of 2% of your fund benefit rather than 1% could reduce your final return by up to 20% over a 30 year period (for example, reduce it from \$100,000 to \$80,000).
- You should consider whether features such as superior investment performance or the provision of better member services justify higher fees and costs.
- You may be able to negotiate to pay lower contribution fees and management costs where applicable. Ask the fund or your financial adviser.

TO FIND OUT MORE

- If you would like to find out more, or see the impact of the fees based on your own circumstances, the Australian Securities and Investments Commission (ASIC) website (www.fido.asic.gov.au) has a superannuation calculator to help you check out different fee options.

The table below contains an example of the fees payable for a member (other than Parked or Spouse members) investing in the Fund over a one year period using certain assumptions about your contributions and account balance. You should use this table to compare the Fund with other superannuation products.

Example of fees and costs for one year

Example	Amount	Balance of \$50,000 with total contributions of \$5,000 during year
Contribution Fees	Nil	For every \$5,000 you will incur no cost.
PLUS Management Costs	1.0% of your leaving service benefit	And, for every \$50,000 you have in the Fund you will be charged \$500.00 each year.
EQUALS Cost of Fund		If you put in \$5,000 during a year and your balance was \$50,000, then for that year you would be charged fees of \$500.00*. This represents the estimated amount of management costs.

**Additional fees may apply: If you leave the Fund or withdraw amounts you may also be charged a withdrawal fee of \$60.00 for each withdrawal. These fees may be indexed each year in line with AWOTE. For more information see "Indexation of Fees" on page 10 of this Annual Report.*

An explanation of Fees and Costs

This section provides further information on fees and costs.

Family Law: fees for information and for splitting your super – charged to members and/or their former spouses for various services

Where fees apply	Fee	Who pays the fee
Application for information – in the format specified under the Family Law Act		
■ For Defined Benefit valuation	\$250	Payable by the person requesting the valuation.
■ No valuation required	Nil	N/A
Splitting a benefit	\$385	Shared equally by both parties and will be deducted from each super benefit at the time the benefit is split
Flagging a benefit	Nil	N/A

For more information about Family Law and how it may affect you, please call or write to the Manager.

Fees and Charges

Variation to Fees

The fees outlined previously are determined by the Trustee from time to time based on the expenses incurred in running the Fund and may be revised, increased, added to or adjusted by the Trustee from time to time. You will be notified of any changes to the fees outlined on the previous page.

Performance Based Fees

Where an investment manager used by the Trustee charges a performance based fee, the fee will be included in the management costs as set out in the "Fees and other costs" table on page 8 and be passed onto members by way of an adjustment to the Fund's crediting interest rate.

Investment managers that charge a performance based fee only apply those fees when performance is greater than an agreed target. Accordingly, performance based fees arise when higher returns, relative to a specified target for a particular manager, are achieved.

As the agreed performance targets vary between managers it is not possible to provide a precise figure for the performance fees which will be applicable to the Fund.

The total performance based fee for the period ending 30 June 2006 was approximately 0.22% of the Fund's assets and may vary in the future between 0% and 0.6% based on the actual performance of the managers that have performance based fees. For example, if you had \$50,000 invested in the Fund for the 12 month period ending 30 June 2006 the performance fee you would have paid was \$110.

Member Protection

Superannuation legislation requires that administration charges for members whose withdrawal benefits are less than \$1,000 do not exceed the investment earnings credited in respect of the relevant reporting period except in limited circumstances. The intention of the legislation is to protect members with small account balances against any erosion of this benefit due to administration charges.

Because the administration and investment fees are adjusted against the Fund crediting interest rate, members pay in proportion to their super account balances and the usual member protection does not apply where a member's benefit is less than \$1,000.00.

Insurance Premiums

Insurance premiums are currently paid from the Fund and factored into the contributions you make. If this arrangement were to change in the future you will be appropriately advised. There is no insurance cover for Parked, Spouse or Deferred members.

Fees for Parked and Spouse Benefit Members

In addition to the withdrawal fee detailed on page 8, Parked and Spouse members are required to pay an administration fee of \$2.00 per week which is deducted from their account balance at each review (1 July) or on exiting the Fund. This amount may change from time to time.

Indexation of Fees

The fees for withdrawals, terminations and administration fees for Parked and Spouse members (see the Fees and Other Costs table on page 8) are subject to annual indexation based on increases in the annual rate of Average Weekly Ordinary Time Earnings (AWOTE).

Objectives

The Trustee seeks to provide a framework for setting investment objectives that are relevant to managing superannuation fund assets today and in the future.

Various factors have been considered in framing the Fund's objectives and these include:

- the nature of the Fund's benefit design;
- some of the relevant characteristics of the membership profile;
- the financial state of the Fund;
- the risk/return preferences of the members.

The Trustee is required by law to set investment objectives for the Fund. The objectives outlined are not a financial forecast or a guarantee of any future returns from the Fund.

In 2005, the Trustee reviewed the Fund's investment objective and changed it to aim to achieve a rate of return which is greater than the increase in the Consumer Price Index (CPI) by 5% over rolling 5 year periods.

Investment - Performance Monitoring

The Trustee has employed the services of Aon Consulting to monitor the performance of each investment manager and the Fund as a whole. In particular, the following is closely monitored:

- The overall performance of each manager in comparison to agreed benchmarks and a peer group of similar managers.
- The efficiency with which each manager is managing the monies allocated.

- That the manager's styles are complementary to each other.
- That the managers are collectively delivering the investment strategy considered appropriate.
- The level of risk being taken by each manager relative to value added.

Investment Performance Compared to Objectives

This year has again proven to be a positive year for investors as equities markets rebounded and all major asset classes delivered positive returns.

The International equities markets index (MSCI ex Aust) was up 15% (in local currency terms) for the year ending 30 June 2006 and the Australian equities index (S&P/ASX200) was also up by 23.9%.

As at 30 June 2006, the Fund has only just failed to meet its investment objective as detailed in the following table.

Rate of Increase for CPI for 5 years to 30 June 2006	2.9%pa
Investment Objective (CPI +5%)	7.9%pa
Total Rate of Return for Fund	7.5%pa

The return objectives: the increase in CPI + 5% pa.

Strategy

The aim of the investment strategy is to meet the expectation of satisfying the objectives identified by the Trustee as detailed previously.

The Trustee, in consideration of advice from Aon Consulting and the Actuary, has maintained a strategic allocation of growth assets (shares and property) at 75% of the total assets of the Fund and maintained the defensive assets (fixed interest and cash) at 25%.

The current investment profile of the Fund seeks to achieve the following long-term allocations:

Investment (Asset) Class	% of Portfolio
Australian Equities	32.5
Overseas Equities	32.5
Alternative Assets	10.0
Fixed Interest	25.0
Total	100.0

There is also a Strategic Currency Hedge overlay in place at a 15% Hedge Ratio with a target ratio of 25% in the medium term, subject to prevailing currency market conditions and the Fund's circumstances.

Full details of the Fund's investment objectives and strategy are set out in the Fund's Investment Policy Statement which is available upon request.

Maintaining an Acceptable Level of Risk

External investment managers are required to take steps to ensure that risk is kept at an acceptable level.

The Trustee does not directly utilise derivative instruments. External investment managers may utilise derivatives in managing pooled investment vehicles in which the Trustee invests. Where this is the case, the Trustee considers the associated risks and the controls in place by analysing the manager's Derivative Risk Statements (DRSs).

About Risk

Most investments have some element of risk associated with them. Generally, investment risk is the chance that an investment will be different to what you expect. The Fund's investments could rise or fall in value or produce a return which is less than is anticipated. Rises and falls in value occur for a variety of reasons and sometimes quickly. The types of investment risks which may have an impact on the Fund's investments include:

- Individual asset risk – the risk attributable to individual assets within a particular asset class.
- Market risk – the risk of major movements within a particular asset class.
- Political risk – current domestic and international political stability can impact on your investment.
- Inflation risk – the risk that money may not maintain its purchasing power due to increases in the price of goods and services (inflation).
- Timing risk – the risk that, at the date of investment, your money is invested at higher market prices than those available soon thereafter. Alternatively, it can also mean the risk that, at the date of redemption, your investments are redeemed at lower market prices than those that were recently available or that would have been available soon thereafter.

- Investment manager risk – the risk that a particular investment manager will under perform (this could be for example because their view on markets is wrong or because of their investment style or because they lose key investment personnel).
- Credit risk – the risk that a debt issuer will default on payment of interest and principal.
- Liquidity risk – the risk that you will be unable to redeem your investment at your chosen time.
- Currency risk – the risk that overseas investments gain or lose value as a result of a falling or rising Australian dollar.

You should be aware that investment returns can fluctuate up and down and the value of your investment in the Fund may increase or decrease over time and may include negative returns from time to time. You should also not rely on past investment performance as an indicator of future performance.

The Fund's Investments

To achieve the Fund's investment objective, the Fund's investments (\$209.9 million at 30 June 2006), are invested with a number of investment managers.

A Alpha Investment Management - an investment in an Australian Equities unit trust.

B JF Capital Partners - an investment in an Australian Equities unit trust.

C Deutsche Asset Management - an investment in an Australian Equities unit trust.

D Barclay Global Investors - an investment in an Australian Equities Long/Short unit trust.

E Massachusetts Financial Services Investment Management - an investment in an International Equities unit trust.

F Zurich - an investment in an International Equities unit trust.

G Coastal Capital Limited - an investment in an International Equities Long / Short unit trust.

H DFA Australia Limited - Global Small Company Trust - a unit trust investment in International Small Companies.

I Macquarie Investment Management Limited - Macquarie Alternative Investment Trusts 1, 2, 3 and 4 - unit trust investments in development capital.

J Warakirri Asset Management Pty Ltd - unit trust investment in a fund of hedge funds.

K Macquarie Investment Management Limited - Macquarie Global Bond Solution - a unit trust investment in International and Australian Fixed Interest.

L Cash at Bank - an interest bearing operating account.

Investment Sectors

The assets are invested in a well diversified portfolio of shares, property and fixed interest securities with some exposure to other sectors. By maintaining a wide range of assets, the Fund is less affected by market fluctuations in any one particular sector.

The following charts illustrate the percentage of assets held in each of the major investment sectors at 30 June in each of the last two years.

Investment Returns

The investment returns, as calculated by the Fund's Actuary, are as follows:

Period	Return
1.7.01 - 30.6.02	-9.0%
1.7.02 - 30.6.03	2.4%
1.7.03 - 30.6.04	16.6%
1.7.04 - 30.6.05	13.3%
1.7.05 - 30.6.06	15.1%

The investment return achieved on the Fund's assets as an annual percentage over the five-year period ending 30 June 2006 was 7.2% pa.

The investment returns are after investment charges and tax on the investment earnings of the investment facilities used and an allowance for expenses of operating the Fund.

Benefit Changes

As part of the actuarial review for the Fund, the Trustee has determined that it is appropriate to make a change to the late retirement benefit to provide full value for membership after age 60 and the minimum benefit calculation to ensure compliance with the Superannuation Guarantee legislation.

With effect from 1 September 2006, the following arrangements apply.

Late Retirement Benefit

With effect from 1 September 2006 a new benefit has been implemented to ensure that members who are permanent employees that have attained age 60 receive the full value of the Superannuation Guarantee related contribution to the Fund. This new benefit will be calculated as the accrued retirement multiple at age 60 (see PDS for more details) times Final Average Salary at age 60 plus an employer contribution of 9% less an allowance for administration expenses plus interest at the Fund's crediting rate.

Superannuation Guarantee Benefit

With effect from 1 September the minimum benefit will allow for a deduction for insurance and administration costs to meet the requirements of the Superannuation Guarantee legislation as determined by the Fund's Actuary.

Crediting Interest Rate

Annual Crediting Interest Rate

The Trustee determines the crediting interest rate at each Annual Review Date (1 July) for the preceding year. The rate is determined as the actual net rate of return of the assets after allowing for tax and the costs of investing the Fund's assets. Prior to 1 July 2004 the crediting rate was based on the money weighted return for the previous 3 years.

The crediting interest rate applies to contributions in any year and assumes that the contributions are paid evenly over that year.

The crediting interest rates for the last five Annual Review Dates were as follows:

Period	Crediting Rate
1.7.01 - 30.6.02	1.8%
1.7.02 - 30.6.03	-0.7%
1.7.03 - 30.6.04	2.8%
1.7.04 - 30.6.05	13.3%
1.7.05 - 30.6.06	15.1%

It is important to note that past performance is not an indication of future performance. The average crediting rate over the 5 year period ending 30 June 2006 was 6.3% pa. As detailed in the above table, the Fund's crediting interest rate may be positive or negative from time to time.

Interim Crediting Interest Rate

For members ceasing employment before the next review date (1 July), an interim crediting interest rate is used. The Trustee determines the interim crediting interest rate on a quarterly basis (1 July, 1 October, 1 January and 1 April) and is calculated as the actual rate of return for the last known quarter plus the rate applicable to the Fund's bank account for the period from the end of the last quarter.

The Trustee also reserves the right to vary the interim rate or the method in which it is

calculated should there be significant market movements that may have a financial impact on the Fund.

Trust Deed Amendments

The Trustee made the following amendments to the Trust Deed during the year.

- Changes to allow members to transfer accumulation related benefits to comply with the portability legislation contained in the Superannuation Industry (Supervision) legislation.
- Changes to the definition to allow the Trustee to pay death benefits to people that meet the interdependency definition outlined the Federal legislation.
- Changes to enable members to split appropriate contributions with their spouse as allowed under legislation.

Family Law Legislation

The Trustee has approval from the Attorney General to use a different method to calculate the value of a member's defined benefit entitlements in the Fund.

For the purposes of Family Law valuations, a retirement age of 60 applies when calculating the value of any defined benefit entitlement. This only applies for permanent employees and is not applicable to Retained Fire-fighters.

Spouse Superannuation

Members are able to make contributions to a superannuation arrangement for their spouse and, depending on their spouse's income, possibly gain a tax offset. Whilst there are maximum tax offsets that apply to contributions you elect to make for your spouse, there is no maximum on the amount you can contribute.

Under the spouse arrangements, you can claim a tax offset of up to 18% of your contributions when your spouse earns less than \$13,800 per annum. The maximum offset available is \$540 assuming your spouse earns less than \$10,800 and you make a contribution of \$3,000 for the year.

You can pay your spouse contributions to the Fund by lump sum deposits at any time. Lump sum deposits must be a minimum of \$500. All contributions must be made from after tax income to be eligible for the tax offset. You cannot allocate salary sacrifice contributions to your spouse account.

For more details on the benefits of spouse superannuation, please contact the Fund Manager for a copy of the Fund's Product Disclosure Statement.

You will also be able to access information on spouse accounts via the Fund's website.

Parked Benefits Facility

This is a facility whereby members who are eligible to receive a retirement or permanent disablement benefit from the Fund, are able to retain or park all or part of their benefit in the Fund.

The Parked Benefits facility is not an allocated pension or an annuity.

Parked Benefit members cannot make contributions to the Fund nor deposit any rollovers or lump sum deposits.

Parked Benefits are not considered for any potential surplus allocations.

The features of the Parked Benefits facility are as follow:

- Parked Benefits currently increase with the Fund's Crediting Interest Rate.
- Unlimited number of withdrawals - Parked Benefit members can access their cash benefits at any time. (Normal Preservation rules apply)
- Minimum amount of withdrawal is \$5,000.00 for each withdrawal.

- A withdrawal fee of \$60 will be charged for each withdrawal except for the first.
- An administration fee will be charged at \$2.00 per week.
- The fees are reviewed effective each 1 January and are based on the cost for the service provided to the Fund by its administrator.
- Members can cancel their Parked Benefit at any time and the balance will be paid out or rolled over (normal Preservation Rules apply) with no penalty. The withdrawal fee will be payable if applicable.

Full details of the Parked Benefits facility are contained in the Fund's Product Disclosure Statement. You should read this before parking your benefits in the Fund.

Any member requiring more information can contact the Fund's Manager.

Preservation Rules

The Federal Government legislates preservation rules. Preservation requires that a certain portion of a superannuation benefit must be maintained in a superannuation fund or rollover fund until permanent retirement after a specific preservation age.

All contributions made after 30 June 1999 and benefit accruals (increases in benefits) after 30 June 1999 are preserved.

The preservation ages are shown in the following table:

Date of Birth	Preservation Age
Before 1 July 1960	55
1 July 1960 to 30 June 1961	56
1 July 1961 to 30 June 1962	57
1 July 1962 to 30 June 1963	58
1 July 1963 to 30 June 1964	59
After 30 June 1964	60

Retained Fire-fighters – Death and TPD Benefits

Benefits payable on the death or total and permanent disablement of a Retained Fire-fighter member will be the balance of:

1. Superannuation Guarantee Contributions with interest at the Fund's crediting interest rate.
2. Member contributions compounded with interest at the Fund's crediting interest rate (if applicable).
3. Rollovers, compounded with interest at the Fund's crediting interest rate (if applicable).
4. Plus the insured component.

The insured component is calculated according to the following table. The value of the one unit as at 1 July 2006 is \$3,943.

Age attained in Years of Member at date of Death or TPD	Number of Units
39 or less	35
40	34
41	33
42	32
43	31
44	30
45	29
46	28

50	24
51	23
52	22
53	21
54	20
55	19
56	18
57	17
58	16
59 to 64	15

Important General Information

Insurance Continuation Option applicable for all members – if you leave the Fund

While you are an employee of any participating employer and a member of the Fund, you may receive death and disablement insurance cover. However, if you leave your employer this cover only continues for 30 days. You may wish to consider continuing this insurance by buying a personal policy through the Fund's insurer. The policy can be for the same amount of cover you had while in your Fund. If you are between 55 and 60 the cover is for death only. Death and permanent disablement cover is available if you are under age 55. No continuation option is available if you are over age 60. Other terms and conditions may apply.

The insurer may require some evidence of good health, and you must take up this insurance within 60 days of ceasing employment. For more information, please contact the Fund's Manager.

Enquiries and Complaints

A formal procedure has been established for dealing with enquiries and complaints from members and beneficiaries about the operation of the Fund.

In the first instance, all questions should be directed to the Fund's Manager.

If you are not satisfied with the response, you may then lodge a formal written complaint with the Trustee via the Fund's Manager.

Formal written complaints will be reported to the Trustee, which must issue a response to the individual making the complaint within 45 days.

Any member or beneficiary who is still not satisfied may take the complaint to the Superannuation Complaints Tribunal.

Superannuation Complaints Tribunal (SCT)

This Tribunal, based in Melbourne, is an independent body established by the Federal Government to provide an economical and fair method of resolving complaints about decisions of fund trustees.

Members must have had their complaints dealt with by the Fund's internal dispute resolution mechanism before the complaint will be considered by the SCT.

The contact details of the Tribunal are:

Location: Level 15
31 Queens Street
Melbourne VIC 3000
Postal: Locked Bag 3060 GPO
Melbourne VIC 3001
Email: info@sct.gov.au
Telephone: 1300 780 808

The Tribunal will not deal with complaints about the management of the Fund as a whole.

There were no complaints made to the Tribunal by Fund members during the year.

Financial Advice

- Require financial advice?
- Planning for your retirement?
- Looking for financial independence?
- Need to know how much extra do you put into super to top-it-up ?

The Trustee has a preferred advisory firm that can provide members with financial advice on a range of issues including wealth creation, insurance, taxation and estate planning.

The Trustee has chosen Industry Fund Financial Planning (IFFP) for this role. IFFP is the financial planning division of Industry Fund Services Pty Ltd whose Australian Financial Services Licence (AFSL No. 232514) authorises IFFP to provide financial planning services. While the trustee has chosen IFFP this is not to be construed as a recommendation or endorsement by the trustee to use IFFP.

Internet Site

Have you accessed your super online lately?

The Fund, through its administrator Mercer, has a website that enables you to access information about your benefits at any time.

The address is:

www.superfacts.com

- To login you use your existing membership number and PIN.
- In addition, you must enter an Employer Number of **700375**.

If you have misplaced your PIN, or are experiencing difficulties in connecting to the website, you should contact the Superfacts Helpdesk on 1300 132 573.

Some of the features of the website are:

- Summary and detailed views of your current superannuation benefits.
- Access to a library of over 130 financial well-being articles sorted into 32 topics such as 'financial planning', 'taxation' and 'wealth creation'.
- View and update your address and beneficiaries online.
- View the contributions that have gone into your super.
- Download all Fund forms and documents.

Your super is a valuable employee benefit and the Fund's website helps you to make the most of it.

You are free to select any financial adviser you wish to provide you with advice on your superannuation.

Members wishing to seek advice from IFFP can do so by calling IFFP and speaking to any one of the financial advisors available.

Industry Fund Financial Planning
Level 2, 104 Frome Street
ADELAIDE SA 5000
Ph: 8125 2500

Most advice that can be given over the phone is provided at no cost to members.

Interviews and plans are charged to the member seeking the advice at very competitive rates. The first hour at interview is free. Members seeking this service should always check with the adviser on the cost of the service to be provided.

Please Note:

- Although the Trustee has an arrangement with IFFP for the provision of limited advice this should not be seen as a recommendation or endorsement of IFFP by the Trustee. The Trustee strongly recommends that any member seeking advice should at least obtain a second opinion from another licensed financial advisory firm before acting on any advice given by IFFP.
- Members seeking advice from IFFP must consider the advice they are given in context to their own personal circumstances and other opinions they have received.
- The Fire Service, Trustee and its staff, accept no responsibility for the advice given by IFFP.
- You are free to seek financial advice from any appropriately licensed adviser of your choice.

IF YOU DON'T GIVE INSTRUCTIONS

Retained Fire-fighters

Following your termination of employment with a participating employer you generally have 90 days from when you receive information from the Fund to make arrangements for your super. If you don't advise the Trustee of where your benefit is to be paid your benefit will be sent to an Eligible Rollover Fund (ERF) on your behalf. This benefit will then cease to be payable from the Fund and can be claimed by you by contacting the ERF. An ERF is simply a holding account where your benefit will remain until you notify the ERF where you would like your money to be transferred.

For this purpose, the Trustee has selected the Australian Eligible Rollover Fund (AERF). The AERF can be contacted as follows:
Australian Eligible Rollover Fund
Locked Bag 5429
PARRAMATTA NSW 2124
Telephone: 1800 677 424
Fax: 02 9947 4411

Where a member's benefits are transferred to the AERF:

- the person ceases to be a member of the Fund
- any insurance cover with the Fund ceases
- the benefit will be credited to an account in the AERF, where it will earn interest and pay fees under the rules of the AERF.

About the Australian Eligible Rollover Fund (AERF)

Set out below is a summary of some of the more significant features of the AERF, current as at the date of this report. For detailed information please contact the AERF directly.

- The trustee of the AERF is Perpetual Trustee Company Limited ABN 42 000 001 007 AFSL 236643.
- All members of the AERF are protected, which means that administration fees

(other than tax) charged against the minimum benefits component of a member's benefit cannot exceed the investment earnings of the minimum benefits for a given reporting period. Member protection does not cover those fees and charges which are deducted from gross returns of the AERF before income is allocated to member accounts, nor does it protect a benefit against a negative earning rate.

- The assets of the AERF are invested in underlying investment products offered by ING Investment Management Limited ABN 23 003 731 959, Colonial First State Investments Limited ABN 98 002 348 352, Suncorp Life and Superannuation Limited ABN 87 073 979 530, MLC Investments Limited ABN 30 002 641 661, MLC Limited ABN 90 000 000 402, Zurich Australia Limited ABN 92 000 010 195, Tower Australia Limited ABN 70 050 109 450, and Perpetual Investment Management Limited ABN 18 000 866 535 (collectively the Investment Sponsors) in accordance with the proportions specified in the AERF trust deed.
- There is no choice of investment available to members within the AERF.
- The investment objective of the AERF is to provide members with long term growth and moderate volatility through investment in a diversified portfolio with exposure to both growth assets (equities and property) and defensive assets (fixed interest and cash) through managed funds offered by the Investment Sponsors.
- The AERF maintains an investment fluctuation reserve to help smooth the earning rate credited to members accounts. The target level of reserve is 8.9% of the ERF. However there is no guarantee that the investment returns will not be negative.
- The trustee declares (generally within 3 months of the end of a financial year) an earning rate to credit to all member accounts in respect of that

Important General Information

financial year. Members leaving the AERF prior to the declaration of the earnings rate for the previous financial year, will be credited with the interim earning rate.

- Depending in which sub-plan of the AERF an account is held, weekly administration fees, paid to the AERF's administrator and ranging from \$0.32 to \$0.37, are deducted from that account (although during periods of negative returns, the administration fees are deducted from the gross returns of the AERF). Each of the trustee fee, the fees charged by the Investment Sponsors and an allowance for expense recovery are deducted from the AERF's gross returns before the trustee declares the earning rate. The aggregate of these fees is currently 1.16% p.a. (although part of this is an estimate based on past expenses).
- The AERF is unable to accept contributions from members or their employers, however, rollovers from other superannuation funds are permitted.
- The AERF does not provide insurance cover.

Permanent Fire-fighters

Following your termination of employment with a participating employer you have 90 days from when you receive information from the Fund to make arrangements for your super. If you don't advise the Trustee of where your benefit is to be paid you will remain in the Fund as a Parked Member as detailed on page 15. The amount of your benefit will be based on the amount payable for the Immediate Benefit as detailed in the Fund's Product Disclosure Statement.

Protecting your privacy

In order to provide your superannuation benefits and to properly manage the Fund, it's necessary for the Fund to hold personal information about you. This information identifies you as a Fund member and typically includes your name, address, date of birth, gender, occupation, salary, Tax File Number and any other information that is required.

The Fund generally collects this information from either you or your employer. Your personal information may be disclosed to the Fund's administrator and professional advisers, insurers, government bodies, your employer and other parties as required and permitted by law, including the trustee of any other fund you may transfer to. By becoming a member of the Fund, it's assumed that you consent to this handling of your personal information. If you do not provide the Trustee with your personal information, the Trustee may not be able to provide all of your superannuation benefits.

You may request access to your personal information held by the Trustee. Should any of your personal information be incorrect, you have the opportunity to correct it. There are, however, some circumstances where you may be denied access to your information. The Fund's Privacy Officer will advise if any of these circumstances apply.

The Fund abides by the National Privacy Principles under the Privacy Act 1988 (Cth) and has adopted a Privacy Policy which sets out in detail the way it handles members' personal information. If you would like a copy of the Fund's Privacy Policy please contact the Fund's Privacy Officer by writing to:

Privacy Officer
SA Metropolitan Fire Service
Superannuation Fund
GPO Box 98, Adelaide SA 5001

Further Information

Most information that you will need about the Fund is in the Product Disclosure Statement, your Annual Statement of Benefits, your 2006 Transaction and Fee Disclosure Statement and in this Report.

You are entitled to inspect or obtain copies of the following additional information on request:

- Trust Deed
- Returns, Certificates or Notices submitted to or received from the Australian Prudential Regulation Authority
- Audited accounts and Auditors' reports
- Extracts of information from the latest Actuarial investigation
- The Rules governing the appointment and removal of Member Directors.

The Fund's financial statements will be available once the audit of the Fund has been completed. This is expected to be finalised by 30 November 2006.

If you have any question on any aspect of the Fund please contact:

Telephone: (08) 8204 3826,
or
(08) 8204 3713
Fax: (08) 8204 3610
Postal Address: GPO Box 98
