

“The more things change, the more they stay the same”

YOU CAN STAY WITH EISS WHEN YOU LEAVE YOUR EMPLOYER

Accumulation members

If you are an accumulation member you don't have to do anything with your super. Once you're a member of EISS you can stay with us for the rest of your life.

Your super balance will automatically move to the Accumulation Scheme (retained) section of EISS without the need for you to do any paperwork.

Defined Benefit members

Defined Benefit members are also able to stay with EISS when they leave their employer. To move to the retained section members will need to elect the option “transferred to the Accumulation Scheme (retained) section of EISS” on the *Election for Benefit* form

Benefits of the retained section

Accumulation Scheme (retained) section of EISS still provides you with the benefits of:

-  affordable account based pensions
-  ongoing member and new employer contributions
-  the same high performing investment options
-  transferring amounts in from other superannuation funds
-  no administration fees on your account before retirement
-  continuing your relationship with EISS, a trusted partner of the electricity supply industry in South Australia who is committed to the retirement futures of all of its members.
-  unitised insurance cover for death, TPD and disability income

For those close to retirement the Income Stream product offered by the Scheme is very competitive, with great investment returns and a low fee structure. For more information visit: www.eiss.superfacts.com or contact the Helpline on **1300 307 844**.
