

New Zealand Defence Force FlexiSaver Scheme

PRODUCT DISCLOSURE STATEMENT

This replacement product disclosure statement replaces the product disclosure statement dated 30 September 2015. This document gives you important information about this investment to help you decide whether you want to invest. There is other useful information about this offer on www.companiesoffice.govt.nz/disclose. Mercer (N.Z.) Limited has prepared this document in accordance with the Financial Markets Conduct Act 2013. You can also seek advice from a financial adviser to help you to make an investment decision.

Issuer: Mercer (N.Z.) Limited

SECTION 1

KEY INFORMATION SUMMARY

What is this?

This is a managed investment scheme. Your money will be pooled with other investors' money and invested in various investments. Mercer (N.Z.) Limited (Mercer) will invest your money and charge you a fee for its services. The returns you receive are dependent on the investment decisions of Mercer and the performance of the investments. The value of those investments may go up or down. The types of investments and the fees you will be charged are described in this document.

The New Zealand Defence Force FlexiSaver Scheme is not a separate managed investment scheme, but a section within Mercer FlexiSaver (which is itself a managed investment scheme registered under the Financial Markets Conduct Act 2013).

What will your money be invested in?

Mercer FlexiSaver, and in turn the New Zealand Defence Force FlexiSaver Scheme offers seven funds. These funds are summarised on the following page. More information about the investment target and strategy for each fund is provided at Section 3 (Description of your investment option(s)).

Who manages the New Zealand Defence Force FlexiSaver Scheme?

The manager of the New Zealand Defence Force FlexiSaver Scheme is Mercer. Further information regarding the manager is set out in Section 7 (Who is involved?) of this Product Disclosure Statement (PDS).

How can you get your money out?

Investments in the New Zealand Defence Force FlexiSaver Scheme are redeemable. You can request a withdrawal either in full or in part at any time by submitting to Mercer a withdrawal notice.

In certain circumstances we may temporarily stop your ability to withdraw from the FlexiSaver Scheme, or defer payment of withdrawals.

Further information can be found in Section 2 (How does this investment work?).

Your investment in the New Zealand Defence Force FlexiSaver Scheme can be sold but there is no established market for trading these financial products. This means that you may not be able to find a buyer for your investment.

How will your investment be taxed?

Mercer FlexiSaver is a Portfolio Investment Entity (PIE). The amount of tax you pay in respect of a PIE is based on your Prescribed Investor Rate (PIR). This can be 0%, 10.5%, 17.5% or 28%. See Section 6 of the PDS (What taxes will you pay?) on page 12 for more information.

Where can you find more key information?

Mercer is required to publish quarterly updates for each fund. The updates show the returns, and the total fees actually charged to investors, during the previous year. The latest fund updates for Mercer FlexiSaver are available at www.mercerfinancialservices.co.nz. The manager will also give you copies of those documents on request.

Fund	Investment Objective	Risk Indicator	Note	Annual Fund Charges Per Investor (Estimated) [^]
Cash	Invests mainly in cash and short term interest bearing investments. Designed for investors who want no exposure to growth assets or where the funds may be required in the shorter term.		*	0.62% of the net asset value of the fund
Conservative	Invests mostly in cash and fixed interest, with only limited investment in growth assets such as shares and real assets. May be suitable for investors who want to achieve slightly higher returns than those expected from investing solely in cash. Investors need to be comfortable with the possibility of some fluctuations in returns.		*	0.83% of the net asset value of the fund
Moderate	Invests in cash and fixed interest, with about a third of investments being in growth assets such as shares and real assets. May be suitable for investors who want to invest in a broad mix of assets and who are comfortable with a higher degree of volatility in returns than can be expected from the Conservative fund.		*	0.95% of the net asset value of the fund
Balanced	Invests in a wide range of assets. May be suitable for investors who want a diversified investment with exposure to shares, real assets, alternative assets, fixed interest and cash, who are comfortable with a higher degree of volatility in returns than can be expected from the Moderate fund and who can invest for the long term.		*	1.06% of the net asset value of the fund
Growth	Invests mainly in growth assets such as shares, real assets and alternative assets with only a limited amount in cash and fixed interest. May be suitable for investors wanting to invest mostly in growth assets who are comfortable accepting more volatile returns than those expected from the Balanced fund with a view to achieving higher longer term returns.		*	1.17% of the net asset value of the fund
High Growth	Invests almost entirely in growth assets such as shares, real assets and alternative assets, with only a small amount invested in cash and fixed interest. May be suitable for investors wanting to invest predominately in growth assets, who want higher long term returns and are comfortable with high volatility in returns.		*	1.21% of the net asset value of the fund
Shares	Invests almost entirely in the share market. May be suitable for investors seeking exposure mostly to shares and who are comfortable with a high level of volatility in returns.		*	1.21% of the net asset value of the fund

[^]An administration fee of \$30 per annum is also charged, irrespective of how many of the Funds you invest in.

See Section 4 (What are the risks of investing?) for an explanation of the risk indicator and for information about other risks that are not included in the risk indicator. To help you clarify your own attitude to risk, you can seek financial advice or work out your risk profile at www.sorted.org.nz/tools/investor-kickstarter.

*Note: A combination of actual fund returns and market index returns have been used to determine the risk indicators as these funds do not have 5 years of actual returns. The risk indicators may therefore provide a less reliable indicator of the potential future volatility of the funds. For the five year period ending 30 September 2017, market index returns have been used up to 30 November 2015 for all funds except for the Moderate fund, for which market index returns to 31 December 2015 were used. As full month actual returns were available post those months, actual returns were therefore used for the remaining periods to 30 September 2017.

SECTION 2

HOW DOES THIS INVESTMENT WORK?

A managed investment scheme is an investment structure where a supervisor, a custodian and a manager work together for the benefit of all investors.

The New Zealand Defence Force FlexiSaver Scheme is a section of Mercer FlexiSaver and is governed by a trust deed dated 16 September 2015 (as amended from time to time) (together the FlexiSaver Scheme).

The supervisor (or a custodian appointed by the supervisor) holds the investments of the scheme. A separate and independent manager makes the investment management and other administrative and operational decisions for the benefit of all investors. The manager also gives instructions to the supervisor as to how to deal with the investments. The supervisor supervises the manager's performance of its functions and its issuer obligations.

Mercer FlexiSaver is registered under the Financial Markets Conduct Act 2013. The scheme is a pooled fund, which means that your money is pooled with other investors' money and invested. Pooling money can enable access to a wider variety of assets and provide greater diversity than you may achieve on your own.

As an investor, every time you contribute to the scheme you will receive units corresponding to whichever of the funds within the scheme you invest in.

Mercer makes the investment decisions and looks after the general operations of the scheme and each fund. Mercer's duties are supervised by Trustees Executors Limited, the supervisor of the FlexiSaver Scheme.

The number of units that an investor holds in a fund represents that investor's proportionate interest in that fund.

Units only give a beneficial interest in a fund. Each unit represents an equal beneficial interest in the net investments of that fund.

A unit does not give rise to an interest in any particular investment of the relevant fund.

An investor can only access the value of their investment by redeeming units. There are no regular distributions from the scheme.

All units in a fund have equal value. The value of units will fluctuate over time, and may rise or fall.

There are seven funds. An investor may invest in any one of the seven funds, or in a combination of these funds. The assets of one fund are not available to meet the liabilities of any other fund.

The key benefits of investing in the scheme managed by Mercer are:

1. flexible choice of investments which means you can choose one or a combination of funds you invest in;
2. sector specialist investment management;
3. access to diversified options;
4. experienced administration of retirement savings accounts; and
5. comprehensive reporting, award winning clear and concise communications, innovative and personalised investor information tools.

Joining the scheme

Only members of the Defence Community and certain entities related to them are eligible to join.

The Defence Community means past and current members of the New Zealand Defence Force, veterans, partners, children or close relatives of a current or past NZDF member.

Mercer may reject any application. There is no minimum level of contribution but Mercer reserves the right to impose a minimum in the future.

Further information about applying to join the FlexiSaver Scheme is set out in Section 10 (How to apply).

Making investments

You can make regular or lump sum contributions to the FlexiSaver Scheme at any time. More information on how to make contributions can be found at

www.nzdf.superfacts.co.nz.

As a PIE, the funds are subject to meeting certain eligibility requirements such as minimum investor numbers and maximum investor interests as stipulated in the Income Tax Act. Mercer has discretion whether or not to accept your application and to manage investments in such a way to meet the PIE requirements.

Withdrawing your investments

An investor may withdraw contributions made to the FlexiSaver Scheme at any time either by making regular withdrawals, lump sum withdrawals or a withdrawal of the full amount subject to certain minimums. Please refer to

www.mercerfinancialservices.co.nz for more information.

Mercer may suspend withdrawals during any period if it considers the redemption price for units cannot be calculated in a fair manner or when it is unable to realise sufficient of the underlying assets of a fund in order to fully satisfy a withdrawal request.

How to switch between funds

You are able to switch from one fund to another or multiple funds within the scheme by signing in to your account online at **www.nzdf.superfacts.co.nz**. You may also direct your ongoing contributions to one or more funds within the scheme at any time.

We regularly review our statement of investment policies and objectives, also known as the SIPO which is available on www.companiesoffice.govt.nz/disclose. Mercer, in consultation with the supervisor and the Chief of Defence Force, may change it from time to time as a result of changes in the market or following a review by Mercer of the Scheme's investment policies or objectives. The Chief of Defence Force may request Mercer to review the SIPO at any time on 20 business days' written notice provided that not more than one notice may be given in any calendar year. Any changes to the SIPO will be advised in the Scheme's annual report, but will not otherwise be separately notified to investors.

*Note: A combination of actual fund returns and market index returns have been used to determine the risk indicators as these funds do not have 5 years of actual returns. The risk indicators may therefore provide a less reliable indicator of the potential future volatility of the funds. For the five year period ending 30 September 2017, market index returns have been used up to 30 November 2015 for all funds except for the Moderate fund, for which market index returns to 31 December 2015 were used. As full month actual returns were available post those months, actual returns were therefore used for the remaining periods to 30 September 2017.

SECTION 4

WHAT ARE THE RISKS OF INVESTING?

Understanding the risk indicator

Managed funds in New Zealand must have a standard risk indicator. The risk indicator is designed to help investors understand the uncertainties both for loss and growth that may affect their investment. You can compare funds using the risk indicator.

Lower risk							Higher risk
1	2	3	4	5	6	7	
Potentially lower return							Potentially higher return

See Section 3 (Description of your investment option(s)) for the risk indicators which have been calculated for Mercer FlexiSaver funds. The risk indicator is rated from 1 (low) to 7 (high). The rating reflects how much the value of the fund's assets goes up and down (volatility). A higher risk generally means higher potential returns over time, but more ups and downs along the way.

To help you clarify your own attitude to risk, you can seek financial advice or work out your risk profile at www.sorted.org.nz/tools/investor-kickstarter.

Note that even the lowest category does not mean a risk-free investment, and there are other risks (described under the heading 'Other specific risks') that are not captured by this rating.

The risk indicator is not a guarantee of a fund's future performance. The risk indicator is based on a mix of actual returns and market index returns for the five years to 30 September 2017. While risk indicators are usually relatively stable, they do shift from time to time. You can see the most recent risk indicator in the latest fund update for each of the funds.

General investment risks

Some of the things that may cause the funds value to move up and down, which affect the risk indicator, are: investment portfolio and asset class risk, market risk, currency risk and interest rate risk.

These risks are summarised below:

Investment Portfolio and Asset Class Risk

Each fund will be subject to the particular risks applying to the types of assets the fund invests in. Funds with a higher concentration of growth assets have a corresponding higher level of risk.

Market Risk

Returns on a fund's investments will be affected by the performance of the investment markets generally. Market performance is affected by demand and supply, economic, technological, political, tax and regulatory conditions as well as market sentiment.

Currency Risk

Where a fund invests outside of New Zealand, its returns will be affected by movements between the other currencies and the New Zealand dollar.

Interest Rate Risk

The market value of a fund that includes fixed income securities can change due to changes in interest rates generally. Relatively small changes in interest rates can significantly impact the market value of fixed income assets.

Other specific risks

There are circumstances which may arise and significantly increase the risk to returns for investors (and which are not already reflected in the risk indicators). These risks relate to Mercer's particular approach to management of the funds' investments.

Mercer is a "manager of managers" and therefore there is the risk that a manager we select underperforms, resulting in lower returns than the relevant market or objective. To reduce this risk, we have a thorough manager research and monitoring process, and we also diversify across a number of managers.

More information about risks, including active management risk (as a specific risk), can be found in the document headed "Other Material Information - Risks" available at www.companiesoffice.govt.nz/disclose (search under "Offers" for the New Zealand Defence Force FlexiSaver Scheme).

SECTION 5

WHAT ARE THE FEES?

You will be charged fees for investing in the New Zealand Defence Force FlexiSaver Scheme. Fees are deducted from your investment and will reduce your returns. If Mercer invests in other funds, those funds may also charge fees.

The fees you pay will be charged in two ways:

- regular charges (for example, annual fund charges). Small differences in these fees can have a big impact on your investment over the long term;
- one-off fees (currently none).

Any fees charged by funds that Mercer invests in will be included in Mercer's own charges.

Fund	Manager's basic fee (% Per Annum)	Other management and administration charges		Total annual fund charges (Estimated % Per Annum)	Other charges Administration Fee (\$ Per Annum)
		Other Expenses (Estimated % Per Annum)	External Manager Performance Fees (Estimated % Per Annum)		
Cash	0.32%	0.30%	n/a	0.62%	\$30*
Conservative	0.50%	0.31%	0.02%	0.83%	
Moderate	0.59%	0.32%	0.04%	0.95%	
Balanced	0.68%	0.32%	0.06%	1.06%	
Growth	0.77%	0.33%	0.07%	1.17%	
High Growth	0.82%	0.32%	0.07%	1.21%	
Shares	0.90%	0.31%	n/a	1.21%	

The fees disclosed are on a before-tax basis. GST may be added to fees and may be included in some expenses, where applicable.

The total annual fund charges are set out as a percentage of the net asset value of the fund. They are charged by Mercer. These charges cover fees of Mercer (Manager's Basic Fee) and the supervisor and custodian (included in Other Expenses) in performing their management and supervisory functions (respectively) to the scheme.

The annual fund charges include estimates for certain costs incurred and expenses recovered such as indirect costs charged by external investment trusts or managers of underlying funds. Estimates have been based on the total amount of such costs recovered for the previous financial year to 31 March 2017 (where this is available).

Mercer, the supervisor, and the New Zealand Defence Force also incur a number of expenses for which they are entitled to be reimbursed out of the scheme assets. These are included as an estimate in Other Expenses in the table above.

External manager performance fees are an estimate based on the average actual annualised outperformance for similar Mercer funds over the five years to 31 March 2017. The fees incurred will depend on the managers selected that do vary from time to time and on their actual performance, and will fluctuate from these estimates as past performance is not indicative of future performance.

The other charges cover fees that relate to the administration of your account, referred to as administration fee. They are charged by Mercer and are payable monthly from your account balance.

There are currently no contribution, establishment, termination or withdrawal fees charged to you and you are not currently charged any other fees on an individual basis for investor-specific decisions or actions.

*The administration fee is a monthly charge of \$2.50 per investor and does not vary if an investment is made in more than one fund.

Example of how fees apply to an investor

CPL Smith invests \$10,000 in the Balanced fund of the New Zealand Defence Force FlexiSaver Scheme. She is not charged an establishment fee or a contribution fee, because there are currently none.

This means that the starting value of her investment is \$10,000.

She is charged management and administration fees, which work out to about \$106 (1.06% of \$10,000). These fees might be more or less if her account balance has increased or decreased over the year.

Over the next year, CPL Smith pays other charges of \$30.

Estimated total fees for the first year

Individual action fees	\$0
Fund charges	\$106
Other charges	\$30

See the latest fund update for an example of the actual returns and fees investors were charged over the past year.

This example applies only to the Balanced fund of the New Zealand Defence Force FlexiSaver Scheme. If you are considering investing in other funds in the scheme, this example may not be representative of the actual fees you may be charged.

The fees can be changed

The existing fees may be changed or new fees imposed in accordance with the trust deed and applicable law.

Mercer must publish a fund update for each fund showing the fees actually charged during the most recent year. Fund updates for Mercer FlexiSaver, including past updates, are available at www.mercerfinancialservices.co.nz.

SECTION 6

WHAT TAXES WILL YOU PAY?

Mercer FlexiSaver is a portfolio investment entity. The amount of tax you pay is based on your Prescribed Investor Rate (PIR). To determine your PIR, go to www.ird.govt.nz/toii/pir/workout. If you are unsure of your PIR, we recommend you seek professional advice or contact the Inland Revenue Department. It is your responsibility to tell Mercer your PIR when you invest or if your PIR changes. If you do not tell Mercer, a default rate may be applied.

If the advised PIR is lower than the correct PIR, you will need to complete a personal tax return and pay any tax shortfall, interest and penalties. If the default rate or the advised PIR is higher than the correct PIR you will not get a refund of any overpaid tax.

SECTION 7

CONDITIONS OF THIS AUTHORITY TO ACCEPT DIRECT DEBITS

1. The Initiator:

- a. Undertakes to give notice to the Acceptor of the commencement date, frequency and net amount **at least 10 calendar days before** the first Direct Debit is drawn (but no more than 2 calendar months). This notice will be provided either:
 - i. in writing; or
 - ii. by electronic means where I/We have provided prior written consent to the Initiator (including by electronic means including SMS to communicate electronically).

Where the Direct Debit system is used for the collection of payments which are regular as to frequency, but variable as to amounts. The Initiator undertakes to provide me/us with a schedule detailing each payment amount and each payment date.

In the event of any subsequent change to the frequency or amount of the Direct Debit, the Initiator has agreed to give advance notice of **at least 30 days** before the change comes into effect. This notice must be provided either:

- i. in writing; or
 - ii. by electronic means where I/We have provided prior written consent to the Initiator (including by electronic means including SMS to communicate electronically).
- b. May, upon the relationship which gave rise to this Authority being terminated, give notice to the Bank that no further Direct Debits are to be initiated under the Authority. Upon receipt of such notice the Bank may terminate this Authority as to future payments by notice in writing to me/us.
 - c. May, upon receiving written notice (dated after the date of this Authority) from a bank to which I/we have transferred my/our account, initiate Direct Debits in reliance of that written notice and this Authority from the account identified in the written notice.

2. The Customer may:

- a. At any time, terminate this Authority as to future payments by giving written notice of termination to the Bank and to the Initiator.
- b. Stop payment of any Direct Debit to be initiated under this Authority by the Initiator by giving written notice to the Bank prior to the Direct Debit being paid by the Bank
- c. Where a variation to the amount agreed between the Initiator and the Customer from time to time to be direct debited has been made without notice being given in terms of clause 1(a) above, request the Bank to reverse or alter any such Direct Debit initiated by the Initiator by debiting the amount of the reversal or alteration of the Direct Debit back to the Initiator through the Initiator's Bank, PROVIDED such request is made not more than 120 days from the date when the Direct Debit was debited to my/our account.

3. The Customer acknowledges that:

- a. This Authority will remain in full force and effect in respect of all Direct Debits passed to my/our account in good faith notwithstanding my/our death, bankruptcy or other revocation of this Authority until actual notice of such event is received by the Bank.
- b. In any event this Authority is subject to any arrangement now or hereafter existing between me/us and the Bank in relation to my/our account.
- c. Any dispute as to the correctness or validity of an amount debited to my/our account shall not be the concern of the Bank except in so far as the Direct Debit has not been paid in accordance with this Authority. Any other disputes lie between me/us and the Initiator.
- d. Where the Bank has used reasonable care and skill in acting in accordance with this Authority, the Bank accepts no responsibility or liability in respect of:
 - the accuracy of information about Direct Debits on Bank statements,
 - any variations between notices given by the Initiator and the amounts of Direct Debits.
- e. The Bank is not responsible for, or under any liability in respect of the Initiator's failure to give written advance notice correctly, nor for the non-receipt or late receipt of notice by me/us for any reason whatsoever. In any such situation the dispute lies between me/us and the Initiator.
- f. Notice given by the Initiator in terms of clause 1(a) to the debtor responsible for the payment shall be effective. Any communication necessary because the debtor responsible for payment is a person other than me/us is a matter between me/us and the debtor concerned.

4. The Bank may:

- a. In its absolute discretion conclusively determine the order of priority of payment by it of any monies pursuant to this or any other authority, cheque or draft properly executed by me/us and given to or drawn on the Bank.
- b. At any time terminate this Authority as to future payments by notice in writing to me/us.
- c. Charge its current fees for this service in force from time to time.
