This Product Disclosure Statement (PDS) provides a summary of significant information for the ANZ Australian Staff Superannuation Scheme (Personal Section). It contains references to important information contained in the Personal Section in Detail booklet which also forms part of this PDS. You should consider all the information contained in this PDS and the Personal Section in Detail booklet before making a decision about the ANZ Australian Staff Superannuation Scheme. You can request a copy of this PDS and the Personal Section in Detail booklet by calling ANZ Staff Super on **1800 000 086**. These booklets are also available at www.anzstaffsuper.com.

The information provided in this PDS is general information only and does not take into account your personal financial situation or needs. You should obtain financial advice that is tailored to your personal circumstances.

In this PDS we generally refer to RBA Section as the Personal Section as it better describes the section and is more easily understood.

This PDS was prepared and issued by ANZ Staff Superannuation (Australia) Pty Limited ABN 92 006 680 664 AFSL 238268 L0000543 as Trustee for the ANZ Australian Staff Superannuation Scheme ABN 83 810 127 567 RSE R1000863

1. About the ANZ Australian Staff Superannuation Scheme – Personal Section

The ANZ Australian Staff Superannuation Scheme (the “Scheme” or “ANZ Staff Super”) is a corporate superannuation fund for current and former employees of ANZ and its associated companies. The Trustee of the Scheme and issuer of this product is ANZ Staff Superannuation (Australia) Pty Limited.

The Personal Section allows you to leave your account invested in ANZ Staff Super when you leave employment with ANZ or when you close your account in the Partner Section (or Spouse Contribution Account (SCA) Section) or Retirement Section (or Account Based Pension (ABP) Section). A minimum account balance of \$7,500 is required to maintain an account in the Personal Section.

You may also become a member of the Personal Section if you are a member of the Employee Section, or Employee Section C Section and elect to have contributions paid to another fund under Choice of Fund.

ANZ Staff Super also offers the:

- Partner Section, which allows you to establish and contribute to a superannuation account for your spouse
- Retirement Section, which allows you to convert your benefit to a pension when you retire or when you are transitioning to retirement.

Product Disclosure Statements for the Partner and Retirement Sections are available on our website www.anzstaffsuper.com or by contacting ANZ Staff Super. You should consider the relevant PDS before making a decision whether to invest in these products.

Overall ANZ Staff Super has more than 31,000 members and manages about \$4.6 billion for its members.

MySuper

Under superannuation legislation, members are classified as either MySuper or Choice members. Upon transferring to the Personal Section, your classification will be the same as applied in your former section of ANZ Staff Super.

It generally doesn't make any difference whether you are classified as a MySuper or Choice member in the Personal Section, because:

- The investment objectives and strategies of the investment options offered by ANZ Staff Super are the same.
- Your account will continue to be invested in the investment option or mix of options you've selected.
- The indirect costs applying for each investment option are the same.
- The insurance arrangements for the Personal Section (including the cover options and premium rates) are the same.
- The account management fee applying to your account in the Personal Section is the same.

Regardless of how your account is invested, you can choose to opt out of being classified as a MySuper member at any time.

Our website includes a range of articles and educational material, including product dashboards, certain details about the Trustee (including the Trustee and executive officer remuneration disclosure information) and documents relating to ANZ Staff Super. For the product dashboards, go to www.anzstaffsuper.com > Documents > Product dashboard and for the Trustee details and Scheme documents go to www.anzstaffsuper.com > Trustee information.

2. How super works

Superannuation is a partly compulsory means of saving for your retirement over the long term. Tax savings are provided by the Government through concessional tax rates which apply to super contributions and investment earnings to provide an incentive to save for your retirement.

Contributions

Different types of contributions can be paid to your account in ANZ Staff Super. The types of contributions that ANZ Staff Super can accept by or in respect of you depend on your age and employment status. Restrictions may also apply if ANZ Staff Super does not have your Tax File Number recorded.

Employer contributions

All Australian employers are required to provide a minimum level of superannuation support for their employees under the Superannuation Guarantee (SG) legislation provided you earn at least \$450 per month.

Your employer may pay contributions to ANZ Staff Super on your behalf.

Voluntary contributions

Making additional contributions to your super may be an effective way to increase your retirement savings. You can make additional contributions from your post-tax salary or your pre-tax salary (by salary sacrifice). Payment of contributions from your pre-tax salary is subject to the agreement of your employer.

Co-contributions

If you make voluntary post-tax contributions and meet certain eligibility conditions, the Government may make co-contributions to your account.

Contribution limits

There are limits on the contributions to super which can be made by or in respect of you without incurring additional tax. Limits apply to:

- concessional (pre-tax) contributions, which include SG contributions and voluntary pre-tax contributions; and
- non-concessional (post-tax) contributions.

More information about these limits is outlined in “How super is taxed” on page 5.

Transfers from other super funds

If you have super savings in other funds, you may want to consider transferring these accounts into ANZ Staff Super. This may offer advantages such as saving on investment management and administration fees. You can make an online request to have your other super rolled in through the secure section of our website www.anzstaffsuper.com, then select **Consolidation** from the menu ribbon or the *Rollover form* is available at www.anzstaffsuper.com > Documents > Forms or by calling us on 1800 000 086.

Choice of Fund

Under Choice of Fund law, employers are required to offer most employees the choice of which fund their SG contributions are paid into.

When you leave ANZ and start work with a new employer, you may be able to elect to have contributions paid to your account in ANZ Staff Super by completing a Standard Choice Form and nominating ANZ Staff Super as your chosen fund. ANZ Staff Super's compliance confirmation and contribution payment instructions are available on our website www.anzstaffsuper.com or by calling us on 1800 000 086.

Restrictions on withdrawal

Superannuation is a long term investment. Restrictions apply to when you can access certain components of your super. In general, you cannot have your preserved benefit paid to you until you reach age 65 if you have never been in paid employment or when you reach your preservation age and have retired. Your preservation age depends on your date of birth.

Your preservation age will be 55 if you were born before 1 July 1960 and gradually increases to 60 if you were born on or after 1 July 1964. There are some special circumstances when you can access your benefit earlier.

Important information about “How super works” in the Personal Section in Detail booklet explains in more detail the types of contributions that can be paid to ANZ Staff Super, how to make additional contributions and accessing your benefit from ANZ Staff Super.

You should read the important information about “How super works” before making a decision. Go to www.anzstaffsuper.com > Documents > Product Disclosure Statements > Personal Section in Detail.

- mobile website giving you access on the go from your smartphone or mobile device.

How your account works

Your account in ANZ Staff Super is recorded as unit holdings in one or a combination of the investment options. When contributions and roll ins are paid to your account, they “buy” more units. Conversely, when withdrawals and other deductions such as account management fees, insurance premiums and tax are processed, some of your units are sold. The dollar value of your account is worked out by multiplying the number of units you hold by the current unit price for the relevant investment options. The investment returns applied to your account are based on the movements in the unit price(s) of the investment option(s) you hold and will vary from year to year. These investment returns may be positive or negative.

Your benefits

Generally, on withdrawing from the Personal Section, you will be entitled to your account balance plus any insured benefit which may be payable.

Important information about “Benefits of investing in the ANZ Australian Staff Superannuation Scheme – Personal Section” in the Personal Section in Detail booklet explains in more detail the benefits of ANZ Staff Super and how you may nominate your beneficiaries.

You should read the important information about “Benefits of investing in the ANZ Australian Staff Superannuation Scheme – Personal Section” before making a decision. Go to www.anzstaffsuper.com > Documents > Product Disclosure Statements > Personal Section in Detail.

4. Risks of super

All investments carry some risk. Different investment options may carry different levels of risk depending on the asset allocation of the relevant investment options. Investing in assets with the highest long-term returns may also carry the highest level of short-term risk. The value of individual investments and the investment option(s) you choose will vary. The level of investment returns will vary over time and may go up or down. Future investment returns may differ from past returns. Investment returns are not guaranteed and you may lose some of your superannuation savings.

You should also bear in mind that:

- superannuation and tax laws may change in the future and such changes may affect your superannuation;

- the amount of your future superannuation savings (including contributions and investment returns) may not be enough to provide adequately for your retirement needs; and
- the level of risk you face will vary depending on a range of factors, including your age, your investment timeframes, your risk tolerance and where other parts of your wealth are invested.

The significant risks of investing in ANZ Staff Super include the risks associated with inflation, individual investments, markets, interest rates, currencies, derivatives and changes to super and tax law.

Important information about “Risks of super” in the Personal Section in Detail booklet explains in more detail the types of risk that may impact on your superannuation.

You should read the important information about “Risks of super” before making a decision. Go to www.anzstaffsuper.com > Documents > Product Disclosure Statements > Personal Section in Detail.

The material relating to “Risks of super” may change between the time when you read this Statement and the day when you acquire the product.

5. How we invest your money

ANZ Staff Super provides four investment options with different asset allocations selected by the Trustee. Each investment option has a different risk and return profile so you can choose an investment option or mix of investment options that suits your needs and circumstances.

As an Personal Section member, you can choose where you want your account invested by selecting one, or a combination of the following options:

- Aggressive Growth
- Balanced Growth (MySuper product)
- Cautious
- Cash

You can select a different investment strategy for your existing account balance and your future cash flows such as contributions, roll ins and account management fees.

From time to time, the investment options offered by ANZ Staff Super may change. The Trustee will notify members in advance in the event that the options offered change.

You should consider the likely investment return, risk and your investment timeframe when choosing an option in which to invest.

If you don't make a choice

When you transfer to the Personal Section, your account will be invested in the option(s) that most recently applied to you as a member of your former section of ANZ Staff Super.

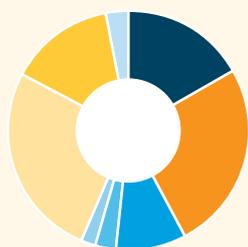

Switching between investment options

You may request a switch of investment options weekly. Switch requests can be lodged by electronic request via our website www.anzstaffsuper.com or on the *Changing your investment options* form available from ANZ Staff Super. Requests received on or before 5 pm Thursday are processed on the following Wednesday. Requests received after 5 pm Thursday will be processed on the Wednesday after next. This schedule is adjusted if public holidays delay the issuing of unit prices. Any investment switch will take effect from the date the switch is processed.

Important information in the “How we invest your money” section of the Personal Section in Detail booklet explains in more detail ANZ Staff Super’s investment options and investment approach. This information includes details about the asset classes used, the other investment options, making a choice, switching options, and the extent to which labour standards, or environmental, socially responsible or ethical considerations are taken into account in the selection, retention or realisation of ANZ Staff Super’s investments.

6. Fees and costs

DID YOU KNOW?

Small differences in both investment performance and fees and costs can have a substantial impact on your long term returns.

For example, total annual fees and costs of 2% of your account balance rather than 1% could reduce your final return by up to 20% over a 30 year period (for example, reduce it from \$100,000 to \$80,000). You should consider whether features such as superior investment performance or the provision of better member services justify higher fees and costs.

Your employer may be able to negotiate to pay lower administration fees. Ask ANZ Staff Super or your financial adviser.

TO FIND OUT MORE

If you would like to find out more, or see the impact of the fees based on your own circumstances, the **Australian Securities and Investments Commission (ASIC)** website (www.moneysmart.gov.au) has a superannuation fee calculator to help you check out different fee options.

You can use the superannuation fee calculator on ASIC's Money Smart website www.moneysmart.gov.au to calculate the effect of fees and costs on account balances.

If you consult a financial adviser, you may need to pay additional fees to your financial adviser. The Statement of Advice provided by the adviser will state the fees (if any) you will pay.

7. How super is taxed

Tax on contributions

Concessional contributions includes all contributions made from your before-tax earnings, including SG contributions paid by your employer and any voluntary salary sacrifice contributions. Concessional contributions are subject to 15% contributions tax which is deducted from your account when the contributions are received.

If your income (including concessional contributions) exceeds \$250,000 per annum, you may pay 30% contributions tax (rather than 15%) on some or all of your concessional contributions. This additional tax will not apply to contributions that are subject to excess contributions tax.

Concessional contributions are subject to a limit or cap. The limit for the 2017/18 tax year is \$25,000 (indexed) for everyone, regardless of your age.

Any concessional contributions in excess of your limit will be included in your assessable income and taxed at your marginal tax rate and you will be required to pay an excess concessional contributions charge*. A non-refundable tax offset of 15% of your excess concessional contributions will apply to compensate you for the 15% contributions tax already paid on your concessional contributions. You will be entitled to elect to have up to 85% of your excess concessional contributions released from your superannuation.

* This charge is calculated by the ATO and is intended to ensure that individuals who make excess concessional contributions do not receive tax deferral advantages over those who do not exceed their concessional contribution limit.

Excess concessional contributions are also counted towards your non-concessional contribution limit.

The amount of excess concessional contributions counted towards your non-concessional limit will be reduced by 100/85 of any excess concessional contributions released from your superannuation.

Non-concessional contributions are those paid from after-tax monies. These contributions are not taxed unless they exceed the limit. From 1 July 2017, individuals will generally be able to claim a tax deduction for after-tax personal contributions. If you claim a tax deduction for these contributions, they will be treated as concessional contributions.

The non-concessional contribution limit is \$100,000 per annum. If you have more than \$1.6 million of super, you'll no longer be eligible to make non-concessional contributions. If you are under age 65, you can "bring forward" up to two years of non-concessional contributions, but your limit for the subsequent two financial years will be reduced. Based on a limit of \$100,000, this means you can make an after-tax contribution of up to \$300,000 in one financial year provided you do not make any non-concessional contributions for the next two financial years. However, if you have over \$1.4 million in super, you'll only be able to bring forward contributions up to the amount which would take your balance to \$1.6 million. If you have brought forward contributions in 2015/16 or 2016/17, transitional arrangements will apply. Amounts over the non-concessional contribution limit will be taxed at 45% plus the Medicare levy.

Individuals have the option of withdrawing superannuation contributions in excess of the non-concessional contribution limit made from 1 July 2013 and any associated earnings, with these earnings being taxed at the individual's marginal tax rate.

If you exceed the concessional or non-concessional contribution limits, you will have to pay additional tax on the contributions in excess of the limits.

Tax on investment earnings

Investment earnings are subject to a tax rate of up to 15%. Tax deductions, credits and rebates may apply and reduce the effective tax rate on investment earnings. The investment returns on your account are net of investment management costs and any tax on investment earnings. This tax is deducted as part of the calculation of the unit prices.

Tax on withdrawals

If you are age 60 or over, benefits are generally tax free when paid to you from a taxed superannuation fund like ANZ Staff Super.

If you are under age 60, tax is payable on any benefit paid to you in cash. The amount of tax payable depends on a range of factors, including your age, the reason your benefit is being paid and the composition of your benefit. This tax will be deducted from your benefit before it is paid to you.

Tax on rollovers

Generally no tax is payable on a benefit when you roll it over to another superannuation fund.

You should provide your Tax File Number (TFN) to ANZ Staff Super if we don't have it recorded.

If ANZ Staff Super does not have your TFN:

- your concessional (pre-tax) contributions will be taxed at the highest marginal tax rate plus the Medicare levy;
- ANZ Staff Super will not be able to accept any non-concessional (post-tax) contributions for you;
- you may miss out on receiving Government co-contributions; and
- the taxable component of any benefit payments may be taxed at a higher rate.

You can check whether ANZ Staff Super has your TFN on your latest annual benefit statement or by signing into www.anzstaffsuper.com or calling us on 1800 000 086. You can provide your TFN by completing a *Providing your Tax File Number* form available on our website.

Important information in the "How super is taxed" section of the Personal Section in Detail booklet explains in more detail how taxes apply to your superannuation.

You should read the important information about "How super is taxed" before making a decision. Go to www.anzstaffsuper.com > Documents > Product Disclosure Statements > Personal Section.
